theatre in america has had a rich history from the first performance of the lewis hallam troupe in september 1752 to the lively shows of modern broadway over the past few

centuries significant works by american playwrights have been produced including abie's Irish Rose, Long Day's Journey into Night, A Streetcar Named Desire, Death of a Salesman, A Raisin in the Sun, Fences, and Angels in America. In *100 Greatest American Plays*, Thomas S. Hischak provides an engaging discussion of the best stage productions to come out of the United States. Each play is discussed in the context of its original presentation as well as its legacy. Arranged alphabetically, the entries for these plays include plot details, production history, biography of the playwright, literary aspects of the drama, critical reaction to the play, major awards, the play's influence, cast lists of notable stage and film versions. The plays have been selected not for their popularity but for their importance to American theatre and include works by Edward Albee, Harvey Fierstein, Lorraine Hansberry, Lillian Hellman, Tony Kushner, David Mamet, Arthur Miller, Eugene O'Neill, Sam Shepard, Neil Simon, Gore Vidal, Wendy Wasserstein, Thornton Wilder, Tennessee Williams, and August Wilson. This informative volume also includes complete lists of Pulitzer Prize winners for drama, the New York Drama Critics Circle Award for American plays, and the Tony Award for Best Play, providing critical information about the most important works produced since the eighteenth century. *100 Greatest American Plays* will appeal to anyone interested in the cultural history of theatre.

The yearbook gives listings of casts and technical personnel for on and off Broadway productions, a summary of the season, synopses, and lengthy extracts of dialogue from the best plays, and facts and figures on the New York and regional theater.

Stages of Agency is the first monograph to analyze the contributions of American stage drama to the discourse on AIDS in the United States from the mid 1980s through the late 1990s. This discourse provides a telling example of how the arts can become agents in socio-political debates as the study shows theater and drama played a unique role in educating the American public about AIDS, offering support for the sick and the grieving, and intervening in the mainstream societal perceptions and representations of the epidemic. Taking some of the best-known American AIDS plays as exemplary case studies, *Stages of Agency* maps the diachronic development of this body of work in its increasing thematic, formal, and identity-political heterogeneity. The study analyzes the strategies these plays employed to blend art with activism in order to establish a counter-discourse to the mainstream public debate about AIDS and provide social agency to the affected populations.
